

## **I'm Liking This**

(Travel - seeking out those 'ends' and the joy of the journeys to them)

I'm liking this

Look I said, let's get ourselves to an end

I'm liking this

Hiking up, and sliding back down again

Pre-history walls can be found all over the Globe

All the same, but no-one can explain

I'm liking this

Look I said, let's get ourselves to an end

I'm liking this

Hiking up, and sliding back down again

The Rapi Nui Moai watching over me

As I wonder around in ecstasy

Pokhara your lake, you're spiritual place

I found myself in that momentary place

Osa, Tors, Kili, Southern Capes, humid fjords, equatorial snows

I'm liking this

Look I said, let's get ourselves to an end

I'm liking this

Hiking up, and sliding back down again

I'm liking this
