

## **Too little time**

(Getting older)

Oh I see how some people get ties up in knots

'Cause their mind's working overtime, goin' straight over the line

It's a shame to see so much wasted thoughts, when there's important things needing done

So many avenues yet to run

Oh time

Why waste time

Time,

It's the only thing

We all get to share

Is too little time

Sitting in a class room it's a quarter past nine

You think it's going to be a long long day, but your wrong in so many ways

As we get older, things happen so fast

Was this a wasted life, too busy rushing around

Oh time

Why waste time

Time,

It's the only thing

We all get to share

Is too little time
